FreeCodeCamp

ISMAIL ONI

FULL STACK DEVELOPER

SUMMARY

I am a Full Stack Developer with hands-on experience in building responsive interfaces, reusable components, and production-style web applications. I have honed my skills in React, Next.js, and Tailwind CSS while gaining valuable backend exposure through Node.js, Express, and relevant full-stack project experiences

EXPERIENCE

Halqatul Hikmah
Front End Developer — Remote — 10/2025 - Present

An Online based Madrasah

- Contributed to developing the LMS frontend as part of a 5-member team for Halqatul Hikmah's online madrasah.
- Supported the creation of Halqatul Hikmah's LMS frontend with a collaboration of 5 developers, enhancing user experience for 100+ students.
- Implemented responsive UI features improving user accessibility by 70%
- Optimized frontend load times, reducing delay by 10 seconds for 90+ users
- Collaborated with backend team to integrate APIs, enabling real-time data updates

Haaflah
Full Stack Developer — Remote — 10/2025 - Present

A solution for modern event management platform that streamlines the entire event lifecycle — from registration to venue access

- Developed and maintained a modern event management platform supporting 50+ events per month, streamlining processes from registration to venue access.
- Managed full stack development for an event platform used by 100+ users, enhancing event lifecycle efficiency.
- Increased user registration speed by 30% by optimizing event lifecycle workflows within Haaflah's platform.

HNG Internship
Front-End Developer — Remote — 01/2024 - 01/2025

An internship program focusing on front-end development skills

- Built interactive and responsive UI projects using React, Next.js, TypeScript, and Tailwind CSS
- Developed pixel-perfect UIs from Figma, integrated APIs, and collaborated with developers across multi-stage tasks

EDUCATION

University of Lagos
B.Sc. Industrial Mathematics (Computer Science Option) — Lagos, Nigeria — 09/2022 - 05/2027
